## HOBBIES

3 dogs  
3 children  
2 snakes  
Together we have it all.

## EDUCATION

### Southern New Hampshire University

June 2021 - Present

Studying for a bachelor's degree in computer science while maintaining a GPA above 3.0 with Honor Roll achievements to match.

### Bellevue University

May 2023 – July 2023

I finished the Business Management, and the Business Leadership certificates with Dean's List recognition. I want to make sure that I am qualified for the company I plan to grow with.

## WORK EXPERIENCE

### Walmart: Digital Personal Shopper

April 2021–Present

I am one of many associates that perform the tasks of grocery shopping online. I can do almost everything a Team Lead can do and have been mistaken for this role multiple times. I troubleshoot for anyone and everyone who calls my name. I am looked toward for answers in training new associates and asked to take on tasks that are not under my job description, but I complete them because I was asked/told to, and my superiors know I'll complete it properly without having to wonder about quality or distractions. I am reliable and relied on in this workplace, just looking for more advancement so I can thrive too.

### Outlier: Freelance Contributor

November 2023–Present

I have been looking into more remote coding jobs and I came into this with a referral from a good friend at Walmart. I love the work here and plan on staying around it. We do AI training and model rating for multiple companies. Very laid back and fun to do. My own schedule to would make sure I do not lose time in my Full-Time position anywhere else.

### Homemaker: Mom

2013–Present

I was a stay-at-home mom and caregiver to my Mother in law. Now with three children and myself we make it work.

I am head of my household and have been for over a decade.

## SKILLS

- Multitasking
- Time management
- Microsoft 365
- Problem Solver
- Cool under pressure
- Very hands-on quick learner
